Airport Road State Threatens Air Service

McMURRAY — Canadian Pacific Airlines has threatened an embargo on passengers and freight for McMurray if the taxis continue to refuse to run up the airport road. The road is broken up and flooded by small springs in several spots, where culverts are needed.

At its regular meeting last night the McMurray Chamber of Commerce heard a discussion of the problem by taxi owners and the CPA agent. Carl Wettlaufer, who holds the airport taxi franchise said he had informed the operations manager of CPA that his cabs have been taken off the run because they cannot get over the road. Even the one-ton truck making the run is having trouble. Ian Beckett, CPA representative, said the CPA Edmonton office replied that if taxi service is discontinued no passengers will be accepted for McMurray.

The Department of Transport maintains the road, charging the cost back to the provincial government. One member suggested a wire be sent to the Department of Highways requesting immediate instructions be given to those responsible for repairing the road. If it should get any worse there will be a problem of getting aviation fuel to the airport for airliners passing through.

This ten mile road is very important to McMurray as it enables the town to receive first class mail daily.

Loan For Water, Sewer, Advertising Takes Precedence At Council Meeting

All members of Lac la Biche town council were present at last Tuesday's regular meeting which was to have dealt with the budget and tax mill-rate, but due to other matters of importance taking more time than expected, the budget was not discussed.

By-law No. 296 concerning granting permits to fur farmers was given a second reading after some discussion.

The week of May 12 to 17 was declared to be town Clean-Up Week.

Second and third readings were given to sewer and water extension by-laws and the secretary was instructed to make application for a loan to cover the cost of the installations.

T. W. Pue, of Sun Publishing Co., Edmonton, was present to offer a new price arrangement for the town's advertising in the local paper. After Mr. Pue explained the details of his plan, council felt that it would be to the town's advantage to accept, and a motion was passed to that effect.

Seven applications for the position of police constable were examined, and it was finally decided that Charles Calvert, a man who held the position here a few years ago, and who is well known to most residents, should be hired. Mr. Calvert is expected to take up his new duties early in May.

Council agreed to purchase a small quantity of six inch sewer tile being offered by Poole Construction Co. at a reduced price.

One building permit for a dwelling to cost $2,500 was passed.

The secretary was instructed to prepare and advertise a proposed by-law which would require that any rented dwelling located on a sewer and water line must have services installed.

A letter was read regarding a Fire Chief's Conference to be held at the Calgary Fire Department's training school on June 11, 12 and 13. A motion was passed authorizing the local Fire Chief to attend the conference with expenses paid by the town.

A letter was read from the local Knights of Columbus, asking that the street adjoining the Roman Catholic Church be widened to allow for more parking space. Assurance was given that the matter would be attended to.

Shortly before midnight the meeting was adjourned, to re-convene the following Tuesday at 7:30 p.m. when the whole evening will be devoted to budget matters.

High Mass, Banquet, Concert Marks Silver Jubilee Of Ordination

The Silver Jubilee of his ordination to the priesthood was celebrated by the Very Rev. J. E. McGrane in Lac la Biche, on April 24th. Ceremonies to mark the significant occasion began with solemn high mass at 10 a.m. in St. Catherine's Roman Catholic church. Assisting Father McGrane were Rev. A. Hickey, P.P., of Viking, deacon; and Father R. Leverte of Lac la Biche Mission. Master of ceremonies was Rev. Father Ricard, Plamondon.

The sermon was given by Msgr. J. A. McLellan of St. Joseph's College, University of Alberta. Two classmates, ordained at the same time as Father McGrance, Fr. Holland, Edmonton, and Fr. Stewart of Clandonald, were present for the Mass. In all, 32 members of the clergy were present for the occasion.

In the evening, a banquet, attended by some 300 relatives, friends, members of the clergy and special guests was held in the Memorial Hall which was beautifully decorated for the occasion. The color scheme was light blue and white with clusters of silver leaves with the numbers 25 in silver. On the stage, a large portrait of Fr. McGrane was displayed along with a banner of congratulations for his 25th anniversary.

Mike Maccagno, M.L.A., was master of ceremonies. The Ladies of St. Catherine's served a turkey dinner, after grace was said by Msgr. Rooney, of Westlock. The toast to the Queen was proposed by Mr. Maccagno. Messages of con-

Senetza Heads Minor League

The first meeting of the Highway 46 Pony League for 1958 was held in Grassland School April 20. Delegates from Lac la Biche, Grassland, Boyle and Newbrook attended. H. Senetza of Lac la Biche was elected president, and Mr. Y. Kabayama was re-elected to a second term as secretary-treasurer of the organization.

It was decided at the meeting that the league be renamed Highway 46 Minor League, and the newly-formed Pony Grad teams be encompassed under the same organization. This means that this year the people along Highway 46 will be able to watch each Thursday evening, a double-header baseball game of boys in the Pony League—14 years and under, and of boys in the Pony Grad League—16 years and under, from the four centres of Boyle, Newbrook, Grassland and Lac la Biche.

Last year the Boyle Comets won the John Devernychuk Highway 46 Pony League Challenge Trophy, and this year it appears that there will be stiff and exciting competition for the trophy with Newbrook as the new entry. "Come and support your boys."

FINISHING WORK ON NAR TRESTLE

McMURRAY— Work is almost finished on the rebuilding of the NAR trestle washed out in the floodwaters of Hangingstone Creek more than a week ago. The ice jam on the creek broke up when the trestle went; otherwise downtown McMurray would have been entirely isolated.

The flooded sections of the road have been filled with gravel and are once more in use. A lot of work with broom, mop and pail has made the flooded homes liveable again.

Landmark Gone

LAC LA BICHE — An old landmark has disappeared from the corner opposite Hamar's store on Nanton Street. The McQuitty house has been torn down and moved away. The adjoining lot, where a bowling alley burned down a few years ago, has been levelled along with the McQuitty lots, and the general appearance is one of neatness and order.

Dies In Cesspool

GRANDE PRAIRIE — Edwin Robie, 5, was drowned Friday when he toppled into a cesspool at the rear of a hotel at Wembley, 25 miles west of here.

Alberta Cities Featured at B.C. Trade Fair Exhibit

"Cities of the Day" will be a novel feature of the Province of Alberta exhibit at the British Columbia International Trade Fair in Vancouver's Exhibition Buildings; May 1-10. Each of Alberta's ten cities will be highlighted on consecutive days through a display of photographs, literature and products.

Scheduled for highlighting in the following order are; Lethbridge, Camrose, Calgary, Grande Prairie and Lloydminster, Medicine Hat, Red Deer, Drumheller, Wetaskiwin and Edmonton. Cities have arranged for samples of locally made products to be distributed to exhibit visitors.

The overall provincial display will be divided into three sections —travel attractions, industrial development, and Alberta-made products.

Dominating the industrial development display is an illustration of basic industries and raw materials along with manufactured products. Raw and manufactured samples from some 40 Alberta firms are included. Arrangement of the display is designed to draw attention to opportunities for secondary and tertiary industries.

Utilities for homes and industry are featured in a special power display centred on a main panel. The merchandise section will show an assortment of Alberta-made products and Alberta handicrafts.

Alberta's many holiday attractions and activities will be vividly portrayed in the travel section. Included are presentations on the Canadian Rockies, winter and summer; stampedes, fishing, golfing, hiking and trail riding.

Participants in the joint Alberta promotion are the Department of Economic Affairs, the Provincial Industrial Development Board, the cities, Calgary Power Company, Canadian Utilities, Northwestern Utilities and Canadian Western Natural Gas.

Personnel in attendance during the entire fair will include Richard Martland, Assistant Deputy Minister of Economic Affairs and Director of Industrial Development; E. S. Bryant, Director of Advertising, Department of Economic Affairs; N. A. Rault, Industrial Director for the City of Edmonton; K. S. Ford, Industrial Director for the City of Calgary, and his assistant Reg. Lawrence; John Banfield, Industrial Commissioner for the City of Lethbridge.

The International Trade Fair, first to be held in western Canada, is being staged to coincide with British Columbia's centennial celebration.

Father, Son Banquet Marks End Of Hockey Season

LAC LA BICHE — A father and son banquet, to mark the close of the hockey season was held last Wednesday evening in the curling rink, when 92 places were laid. An appetizing supper of beef stew was served to members of the juvenile hockey teams, fathers of the boys, coaches, referees, and special guests for the occasion.

The food was cooked by the mothers of the boys and several of the ladies, including Mrs. W. Coast, Mrs. J. Stewart, Mrs. A. Mastaler, Mrs. Maskalick, Mrs. W. Switzer, Mrs. M. Patterson and Mrs. R. Greene served the meal. The Lion's Club supplied the meat; the Lac la Biche Creamery supplied the milk, and Joe's Cafe and the Royal Cafe supplied the ice cream. These donations were greatly appreciated and the boys did justice to the hearty meal.

Following the supper, H. Senetza, M.C. for the evening, presented the high scoring team, with Walter Konowalchuk as captain, with a suitable trophy for their outstanding performance through the hockey season. Roy Raines and G. Blair each spoke briefly of the need of sportsmanship and fair play in producing a good brand of hockey. Presentation of a fine club bag was made to the Rev. R. H. Greene for his untiring efforts on behalf of the hockey teams. H. Senetza and Nick Chodin also are to be commended for the work they have done with the hockey teams during the past winter. The evening concluded with a film, much enjoyed by those present.

Hairy Hill Man Among Tall Tales Contest Winners

The following story is one of five winners in the Tall Tales Contest conducted by the Sun Publishing Co. Ltd. in all of its 22 weekly newspapers in northern Alberta. It was sent in by Walter Weiniewski of Hairy Hill.

Here is a story that I would like you to hear. By the way this is true and I have witnessed it with my own eyes.

Down in the foothills of Southern Alberta weather is constantly changing. One day it's cold and the next it's warm.

One winter on the night of February first we had a very heavy snowfall, in places the snow was piled up to twelve feet. It took us ten hours to dig ourselves out of the drifts.

Since it was Groundhog Day old mister groundhog began digging his way to the top.

Incidentally a chinook was forecast for that day and when the groundhog was within one foot of the top along comes the very warm chinook melting all the snow in its path leaving the bewildered groundhog still up in the air.

Blood Donors Set Record

VEGREVILLE — The record number of 314 persons attended the Red Cross blood donor clinic Monday, April 14.

The Vegreville Kinsmen are to be commended for their publicity efforts. Al Scholton heads this committee and is doing an excellent job of increasing the attendance at each clinic.

Mrs. Pidruchney convened the ladies who registered donors, provided lunch and attended to all the routine jobs that go with a blood clinic.

Good Response From Local Blood Donors

Tuesday, April 11, was Blood Donor Clinic Day in Mannville with afternoons as well as appointments. The afternoon response was not too great, but the evening proved a more popular time for donors.

A total of 182 donated blood this year, closely resembling last year's figures, while the Ladies Auxiliary to the Canadian Legion had hoped to reach the 200 mark. However, they were especially pleased with the response from the high school, as many made their first contri- chosen to represent this group, for

Mrs. H. Johnston of Vermilion (former Mannville resident) made her 30th donation, which is quite a record.

Preparing Children For School Subject Of Talk At HSA Meet

SMOKY LAKE — At the April meeting of the Home and School Association, at which about 40 parents and teachers were present, resolutions were discussed and opinion expressed.

Mr. Kostash suggested that the child should not be taught phonetics in school, rather be taught reading by associating pictures with words.

The film on discipline showed parents should be polite but firm with a child: he should not be forced into tantrums by stubborness; parents should spent more time with the children; mutual trust should be established between parents and children.

$90,000 Building Program Includes New Church, RCMP Barracks

An extensive building program for Redwater town may net the town an additional $90,000 in buildings if plans now on paper materialize.

Largest of the projects will be the new church of St. Boris and St. Hlib to be built by the Ukrainian Greek Catholic congregation on the townsite during the summer. The basement of the church has already been completed and the congregation have been using it for worship and social affairs for the past two and one-half years or more. An architect's sketch of the building and the plans are now in the hands of the church building committee.

Plans for an RCMP barracks and residence are also being completed, in accordance with the Dominion Government's accelerated works program. It is expected that this building will be built on the townsite, after tenders and specifications have been issued.

Three new dwellings in the $12,000 to $15,000 range are also planned for the townsite during the summer.

Calgary Criticizes Hospital Plan

CALGARY — City commissioners have proposed a four-mill tax increase for Calgary, bringing the rate to 51 mills.

The tax increase from last year's 47 mills, will mean an additional $32 a year for owners of new $12,000 homes.

In their report, the commissioners blamed heavy increases in nospital and education costs for the higher mill rate. They also critized the provincial government for failing to live up to what they said were its promises of a "new deal" in taxation.

Total estimated cost to the city of the new provincial hospital plan will be $1,923, 240, an increase of about $408,000 or 1.43 mills.

Commission comment on the hospital plan was:

"The only interpretation that can be made of the insurance plan in the preesnt form is that the provincial government is in favor of the principle of deficit financing. The adoption of this fallacious principle is a serious matter to municipalities operating hospitals and it is even worse when applied to private hospitals . . . in Calgary."

The commissioners said "it seems passing strange" that when the provincial government, by its own admission, says millions of dollars of provincial and federal money are to be poured into the new Alberta hospital insurance plan "that the ratepayers of the two major cities, containing almost 50 per cent of the province's total population, will have to underwrite even greater hospital pital costs" than before the plan went into effect.

The Canadian Cancer Society was organized at the request of the Canadian Medical Association.

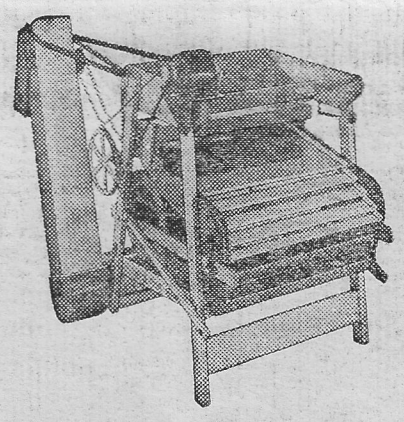
Grain Cleaners
"THREE MILLS IN ONE"
A Scalper - Air Blast - Corrugated Rolls



Many people do not realize that the Viking is the only farm-size mill that offers the advantages of rolls and sieves combined in one efficient unit. After the grain travels over the sieves and through the air blast, it is tumbled in the corrugated rolls — this action allows the wild oats to pass through the openings in the wire rolls very effectively. This outstanding feature in design is one reason why there are more Vikings used for cleaning seed on the farm than any other one type of fanning mill. Illustrated at left is a 32" mill with 10' elevator and motor drive.

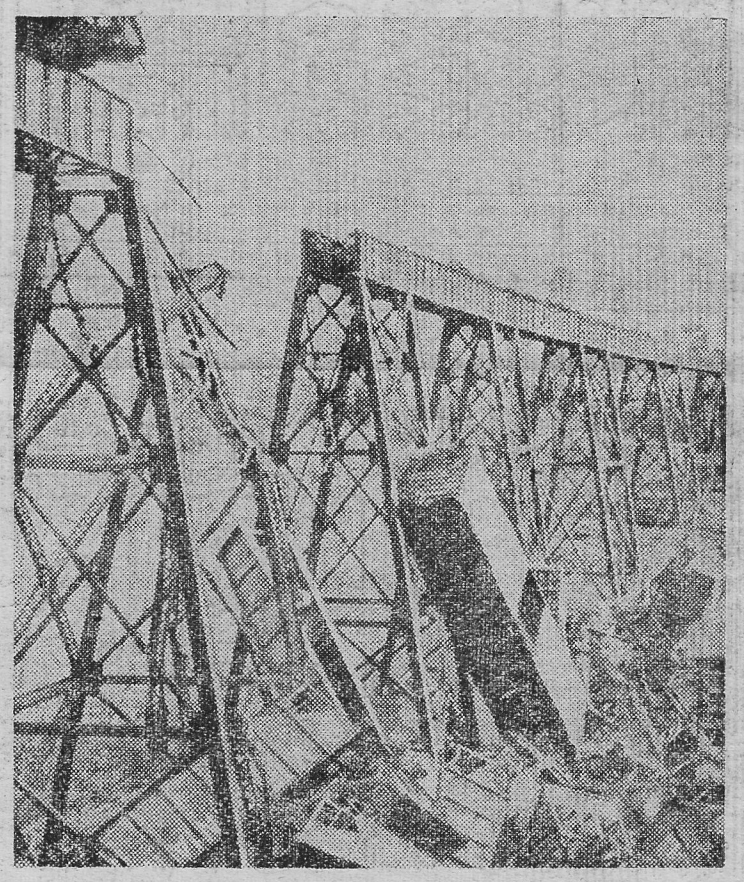
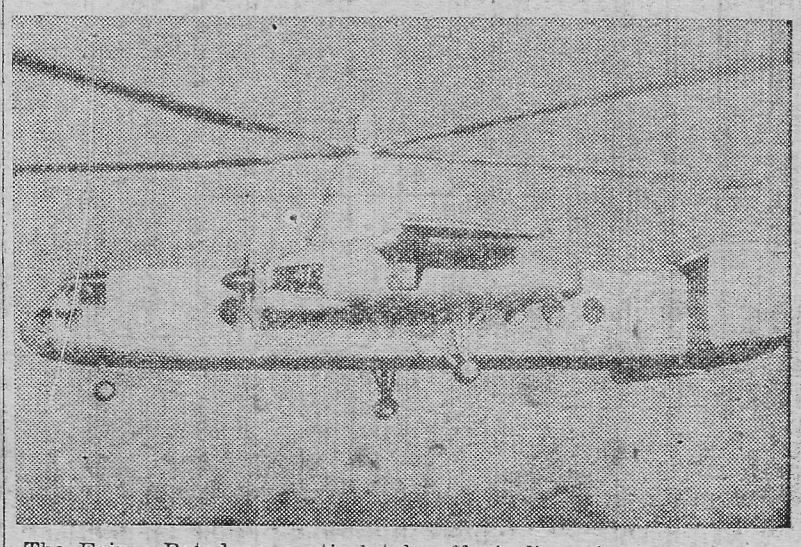
WOMEN WADING

SAN FRANCISCO — President Eisenhower declared storm-hit California a major disaster area eligible for federal relief in reply to an appeal by Governor Goodwin J. Knight who said storm and flood damage had reached $12,000,000. The governor's estimate did not include multi-million dollar crop damage. He appealed as gales, rain, snow and giant waves continued to hammer the state, already water-soaked from nearly a week of rains. All California suffered in the storms, from the Oregon line to the Mexican border. Forty-foot waves rolled against the San Francisco peninsula.



THIRTY-NINE CARS in the centre of a Virginian Railway Train plunged from this trestle into a creek in a derailment near Phoenix, Va. The engine crew on front end of train escaped as did four men in a caboose who came two car lengths from plunging over the torn-up trestle.



The Fairey Rotodyne, vertical take-off air liner, is shown during its first flight near Maidenhead, England. The 17-ton aircraft will carry 48 passengers 400 miles at a cruising speed of 185 miles per hour. It is equipped with two propellor turbine engines and a 90-foot diameter four-blade rotor.

Fishermen Report Record Catches

REDWATER — Record catches in the Annual Fishing Derby were recorded at Marshall-Wells Stores on Monday of this week.

Fishing with Al Strilchuk at Owl River over last week end, Kurt Hattenschewiller landed a pickerel, which weighed in at 10 lbs. 4 oz. This is a record according to Lac la Biche fishermen who net fish during the fall and winter for feeding their mink.

Al also caught a fair sized jackfish but was nosed out by Matt Stetsko, who was also busy fishing over the week end and landed a 12 lb. 7 oz. deal. Matt is now leading the Jackfish class in the Fish Derby.

John Middleveen still reigns supreme in the trout class with his Rainbow, which he caught at Muir Lake. It weighed 2 lbs. 12 oz.
